

retroactive effect and could significantly affect the federal income tax consequences described below.

The federal income tax consequences of the Plan are complex and are subject to significant uncertainties. The Debtors have not requested a ruling from the IRS or an opinion of counsel with respect to any of the tax aspects of the Plan. Thus, no assurance can be given as to the interpretation that the IRS will adopt. In addition, this summary generally does not address foreign, state or local tax consequences of the Plan, nor does it address the federal income tax consequences of the Plan to special classes of taxpayers (such as foreign taxpayers, broker-dealers, banks, mutual funds, insurance companies, other financial institutions, small business investment companies, regulated investment companies, tax-exempt organizations (including, without limitation, certain pension funds), persons holding an equity interest as part of an integrated constructive sale or straddle, and investors in pass-through entities).

Accordingly, the following summary of certain federal income tax consequences is for informational purposes only and is not a substitute for careful tax planning and advice based upon the individual circumstances pertaining to a holder of a Claim.

IRS Circular 230 Notice: *To ensure compliance with IRS Circular 230, holders of Claims and Preconfirmation Equity Interests are hereby notified that: (A) any discussion of federal tax issues contained or referred to in this Disclosure Statement is not intended or written to be used, and cannot be used, by holders of Claims and Preconfirmation Equity Interests for the purpose of avoiding penalties that may be imposed on them under the Tax Code; (b) such discussion is written in connection with the promotion or marketing by the Debtors of the transactions or matters addressed herein; and (c) holders of Claims and Preconfirmation Equity Interests should seek advice based on their particular circumstances from an independent tax advisor.*

A. CONSEQUENCES TO THE DEBTORS

With the exception of ADT, prior to the Effective Date each of the Debtors is treated as a “disregarded entity” for U.S. federal income tax purposes. Accordingly, the U.S. federal income tax consequences of the Plan will generally not be borne by the Debtors and instead will be borne by Holdco and its owners.

In connection with the implementation of the Plan, ADT (a separate corporate taxpayer) will incur cancellation of debt (“COD”) for federal income tax purposes. COD is the amount by which the indebtedness discharged (reduced by any unamortized discount) exceeds any consideration given in exchange therefor. Certain statutory or judicial exceptions can apply to limit the amount of COD (such as where the payment of the cancelled debt would have given rise to a tax deduction). It is not expected that such COD will be material in amount. Although any COD incurred will be excluded from taxable income under a bankruptcy exception contained in the Tax Code, it would result in a reduction of certain tax attributes of ADT. Although the use of any net operating losses and certain other tax attributes of ADT as of the Effective Date would be subject to limitations under Section 382 of the Tax Code following the Effective Date as a result of the change in ownership of ADT, it is not expected that ADT will have any material net operating losses or other tax attributes at the Effective Date that would be subject to Section 382 of the Tax Code.

B. CONSEQUENCES TO HOLDERS OF CERTAIN CLAIMS

1. Consequences to Holders of Prepetition First Lien Claims and Prepetition Second Lien Claims

Pursuant to the Plan, on the Effective Date the following Restructuring Transactions will occur in the following order:

- (i) First, all of the new membership interests in Postconfirmation Intermediate HoldCo will be issued to the Prepetition First Lien Agent and the Prepetition Second Lien Agent on behalf of the holders of Allowed Prepetition First Lien Claims and Allowed Prepetition Second Lien Claims, respectively, in full satisfaction of their Claims (and in proportion to the relative values of their Claims). Because Postconfirmation Intermediate HoldCo and its subsidiaries (other than ADT) are treated as disregarded entities for federal income tax purposes, this transaction should be treated for federal income tax purposes as a transfer of undivided interests in all of the underlying assets of PRC and its subsidiaries (other than ADT); and
- (ii) Second, immediately after the transfer to the Prepetition First Lien Agent and the Prepetition Second Lien Agent, the agents will, on behalf of the holders of Allowed Prepetition First Lien Claims and Allowed Prepetition Second Lien Claims, respectively, contribute all of the membership interests in Postconfirmation Intermediate HoldCo (which, for federal income tax purposes, should be treated as a contribution of undivided interests in the underlying assets of PRC and its subsidiaries (other than ADT)) to Postconfirmation HoldCo in exchange for Postconfirmation HoldCo membership interests and either debt or warrants. Holders of Allowed Prepetition First Lien Claims (Class 4) will receive their Ratable Proportion of (i) \$40 million of the Postconfirmation Second Lien Facility, (ii) \$40 million of the Postconfirmation Unsecured Note, all of which is payable in kind no less frequently than quarterly, and (iii) 80% of the equity interests of Postconfirmation HoldCo. Holders of Allowed Prepetition Second Lien Claims (Class 5) will receive their Ratable Proportion of (i) 20% of the equity interests of Postconfirmation HoldCo, (ii) warrants to purchase up to 4% of the fully diluted equity interests of Postconfirmation HoldCo, and (iii) warrants to purchase up to an additional 2% of the fully diluted equity interests of Postconfirmation HoldCo.

Pursuant to the Plan, all parties (including the Reorganized Debtors, the holders of Preconfirmation Equity Interests and the holders of Postconfirmation HoldCo membership interests and warrants) will be required to report for all federal income tax purposes consistent with the characterization of the Restructuring Transactions described above.

Accordingly, each holder of an Allowed Prepetition First Lien Claim or Allowed Prepetition Second Lien Claim generally should recognize gain or loss in connection with its receipt for federal income tax purposes of an undivided interest in the underlying assets of PRC in an amount equal to the difference between (x) the fair market value of the interest received in

satisfaction of its Claim (other than any Claim for accrued but unpaid interest) and (y) the holder's adjusted tax basis in its Claim (other than any basis attributable to accrued but unpaid interest). For a discussion of the tax consequences of any Claim for accrued but unpaid interest, see Section XI.B.3 below ("Distributions in Discharge of Accrued but Unpaid Interest").

The deemed contribution for federal income tax purposes of the undivided interest in the assets of PRC to Postconfirmation HoldCo will be treated in part as a tax-free contribution under Section 721 of the Tax Code to the extent Postconfirmation HoldCo membership interests are received, and will be treated in part as a taxable exchange in which gain or loss will be recognized to the extent debt or warrants are received. A holder of a Preconfirmation First Lien Claim should recognize short-term gain in the taxable exchange in an amount equal to the excess, if any, of (i) the issue price (as determined for federal income tax purposes, as discussed below) of the portion of the Postconfirmation Second Lien Facility and Postconfirmation Unsecured Note received by the holder, which, as discussed in Section XI.B.4(a), below, would be equal to either the fair market value or the stated principal amount (which may exceed fair market value) of such portion of the facility or note, over (ii) the fair market value of such holder's undivided interest in the assets of PRC. If the issue price of the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note is equal to its fair market value, a holder of a Preconfirmation First Lien Claim generally should have little, if any, gain in respect of the receipt of the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note, as applicable, as the holder should have received a fair market value tax basis in the interest deemed exchanged therefor.

As soon as possible after the Effective Date, but in no event later than thirty (30) days thereafter, the Postconfirmation Board will determine the value of the underlying assets of PRC and its subsidiaries as of the Effective Date and the portions of such value which are allocable, respectively, to the Postconfirmation Second Lien Facility, the Postconfirmation Unsecured Note, the membership interests in Postconfirmation HoldCo and the warrants. Such allocation will take into account the relative fair market values of the Postconfirmation Second Lien Facility, the Postconfirmation Unsecured Note, the membership interests in Postconfirmation HoldCo and the warrants. The Postconfirmation Board will apprise, in writing, all parties of such valuation and allocation. Pursuant to the Plan, all parties (including the Reorganized Debtors, the holders of Preconfirmation Equity Interests and the holders of Postconfirmation HoldCo membership interests and warrants) will be required to report consistent with the valuation and allocation for all federal income tax purposes.

Where gain or loss is recognized by a holder of an Allowed Prepetition First Lien Claim or Allowed Prepetition Second Lien Claim in respect of its Claim, the character of such gain or loss as long-term or short-term capital gain or loss or as ordinary income or loss will be determined by a number of factors, including, among others, the tax status of the holder, whether the Claim constitutes a capital asset in the hands of the holder and how long it has been held, whether the Claim was acquired at a market discount, and whether and to what extent the holder previously had claimed a bad debt deduction. Where gain is recognized by a holder of a Preconfirmation First Lien Claim in respect of the contribution of assets to Postconfirmation HoldCo, the character of such gain may be treated as short-term capital gain depending in part on the holder's personal circumstances. Holders of Preconfirmation First Lien Claims are urged to consult their tax advisors regarding the character of any gain recognized on the contribution to Postconfirmation HoldCo.

A holder's initial tax basis in the Postconfirmation HoldCo membership interest received should equal the fair market value of the membership interest (as such value should be equal to the fair market value tax basis of the holder's undivided interest in the underlying assets of PRC treated as contributed therefor), increased for the portion of Postconfirmation HoldCo's liabilities that is allocated to the holder. A holder's initial tax basis in the warrants received should equal their fair market value. A holder's tax basis in its portion of the Postconfirmation Second Lien Facility and Postconfirmation Unsecured Note received should equal the issue price of such facility or note. A holder's holding period for any Postconfirmation HoldCo membership interests, warrants and portion of the Postconfirmation Second Lien Facility and Postconfirmation Unsecured Note generally should begin the day following the Effective Date.

2. Consequences to Holders of General Unsecured Claims

Pursuant to the Plan, holders of Allowed General Unsecured Claims (Class 6) will receive, in one or more distributions, their Distribution Pro Rata Share of \$1,350,000 in Cash on each Distribution Date in satisfaction and discharge of their Claims.

In general, each holder of such a Claim should recognize gain or loss in an amount equal to the difference between (x) the amount of cash received by the holder in satisfaction of its Claim (other than any Claim for accrued but unpaid interest and other than any amount treated as imputed interest as further discussed below) and (y) the holder's adjusted tax basis in its Claim (other than any basis attributable to accrued but unpaid interest). For a discussion of the tax consequences of any Claim for accrued but unpaid interest, see Section XI.B.3 below ("Distributions in Discharge of Accrued but Unpaid Interest").

Distributions to such a holder will be made subsequent to the Effective Date on the Initial Distribution Date and may be made on any subsequent Distribution Date. Under the Tax Code, a portion of each distribution to such a holder may be treated as imputed interest. In addition, it is possible that any loss and a portion of any gain realized by such holder may be deferred until such time as such holder has received its final distribution. All holders of such Claims should consult their tax advisors as to tax consequences of distributions subsequent to the Effective Date.

Where gain or loss is recognized by a holder in respect of its Claim, the character of such gain or loss as long-term or short-term capital gain or loss or as ordinary income or loss will be determined by a number of factors, including, among others, the tax status of the holder, whether the Claim constitutes a capital asset in the hands of the holder and how long it has been held, whether the Claim was acquired at a market discount, and whether and to what extent the holder previously had claimed a bad debt deduction.

3. Distributions in Discharge of Accrued but Unpaid Interest

Pursuant to the Plan, distributions to any holder of Allowed Claims will be allocated first to the principal amount of such Claims, as determined for federal income tax purposes, and thereafter, to the portion of such Claim, if any, representing accrued but unpaid interest or original issue discount ("OID"). However, there is no assurance that the IRS would respect such allocation for federal income tax purposes.

In general, to the extent that any consideration received pursuant to the Plan by a holder of an Allowed Claim is received in satisfaction of accrued interest or OID during its

holding period, such amount will be taxable to the holder as interest income (if not previously included in the holder's gross income). Conversely, a holder generally recognizes a deductible loss to the extent any accrued interest claimed or amortized OID was previously included in its gross income and is not paid in full. However, the IRS has privately ruled that a holder of a security of a corporate issuer, in an otherwise tax-free exchange, could not claim a current deduction with respect to any unpaid OID. Accordingly it is also unclear whether, by analogy, a holder of a Claim of a non-corporate issuer would be required to recognize a capital loss, rather than an ordinary loss, with respect to previously included OID that is not paid in full.

Each holder of a Claim is urged to consult its tax advisor regarding the allocation of consideration and the deductibility of accrued but unpaid interest for federal income tax purposes.

4. Ownership and Disposition of Postconfirmation Second Lien Facility and Postconfirmation Unsecured Note

The application of the OID provisions of the Tax Code, and the federal income tax treatment of stated interest, with respect to the Postconfirmation Second Lien Facility and Postconfirmation Unsecured Note depends, in part, upon whether the respective "issue prices" of the Postconfirmation Second Lien Facility and Postconfirmation Unsecured Note are equal to their stated principal amount. Pursuant to applicable Treasury Regulations, the respective "issue prices" of the Postconfirmation Second Lien Facility and Postconfirmation Unsecured Note depend, in part, upon whether they are traded on an "established market" during the sixty-day period ending thirty days after the Effective Date (the "Testing Period"). If either the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note is not traded on an "established market" during the Testing Period, the "issue price" of such non-traded instrument will depend on whether Section 1274(b)(3) of the Tax Code, as discussed below, applies to its issuance.

For this purpose, an "established market" includes, among other things, (i) a system of general circulation (including a computer listing disseminated to subscribing brokers, dealers, or traders) that provides a reasonable basis to determine fair market value by disseminating either recent price quotations or actual prices of recent sales transactions, and (ii) the ready availability of price quotations from dealers, brokers or traders. If either the Postconfirmation Second Lien Facility or the Postconfirmation Unsecured Note, as applicable, are traded on an established market during the Testing Period, the "issue price" will be equal to the fair market value of the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note.

Pursuant to Section 1274(b)(3) and applicable Treasury Regulations, if either the Postconfirmation Second Lien Facility or the Postconfirmation Unsecured Note is not traded on an established market during the Testing Period, the "issue price" of such non-traded instrument will still be equal to its fair market value if the fair market value of such instrument has been established in a "recent sales transaction" within the meaning of such provisions. Neither the Tax Code nor the Treasury Regulations expound on the meaning of a recent sales transaction. Because, as stated above, (i) the holders of Allowed Prepetition First Lien Claims and Allowed Prepetition Second Lien Claims should be treated as having first received undivided interests in the underlying assets of PRC and its subsidiaries in a taxable transaction in which the determination of gain or loss will be based on the fair market value of such interests, and (ii) the fair market value of such interests will be required to be allocated among the Postconfirmation

Second Lien Facility, the Postconfirmation Unsecured Note, the membership interests in Postconfirmation HoldCo and the warrants for purposes of determining gain or loss and tax basis upon the transfer of such interests to Postconfirmation HoldCo, the Debtors anticipate that they would take the position that the Postconfirmation Second Lien Facility and the Postconfirmation Unsecured Note have an established fair market value by reason of recent sales transactions involving the undivided interests exchanged therefor. The determination whether to take such position on Postconfirmation HoldCo's tax return would be made by the management of Postconfirmation HoldCo and the Postconfirmation Board. There is no assurance that the IRS would not take a contrary position. Pursuant to the applicable Treasury Regulations, a holder of the Postconfirmation Second Lien Facility or the Postconfirmation Unsecured Note will be required to report consistent with the issuer's determination unless the holder explicitly discloses such inconsistent position on the holder's federal income tax return for the taxable year that includes the Effective Date.

If the Postconfirmation Second Lien Facility or the Postconfirmation Unsecured Note, as applicable, are not traded on an established market during the Testing Period and Section 1274(b)(3) of the Tax Code does not apply, the "issue price" of the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note will be its stated principal amount.

Each holder of an Allowed Prepetition First Lien Claim or an Allowed Prepetition Second Lien Claim is urged to consult its tax advisor regarding the determination of the respective "issue prices" of the Postconfirmation Second Lien Facility and the Postconfirmation Unsecured Note.

(a) Interest and OID on the Postconfirmation Second Lien Facility

Stated interest on the Postconfirmation Second Lien Facility should generally be includable in a holder's gross income as interest in accordance with such holder's normal method of accounting.

If the issue price of the Postconfirmation Second Lien Facility is less than the stated principal amount, the excess of the facility's stated principal amount over its issue price should generally be treated as OID under the Tax Code. Each holder will be required to include in its gross income, as interest for federal income tax purposes, the portion of the OID that accrues while the holder held the facility (including the day the facility is acquired but excluding the day it is disposed of), regardless of such holder's normal method of accounting. Any OID will accrue over the term of the Postconfirmation Second Lien Facility based on the constant interest method (with the amount of OID attributable to each accrual period allocated ratably to each day in such period). Accordingly, a holder may be required to recognize income prior to the receipt of cash payments attributable to such income.

(b) Interest and OID on the Postconfirmation Unsecured Note

All of the stated interest on the Postconfirmation Unsecured Note should generally be treated as OID under the Tax Code. In addition, if the issue price of such note is less than its stated principal amount, the excess of the note's stated principal amount over its issue price should generally be treated as OID under the Tax Code. Each holder will be required to include in its gross income, as interest for federal income tax purposes, the portion of the OID (inclusive of all stated interest) that accrues while the holder held the note (including the day the note is acquired but excluding the day it is disposed of), regardless of such holder's normal

method of accounting. Any OID will accrue over the term of the Postconfirmation Unsecured Note based on the constant interest method (with the amount of OID attributable to each accrual period allocated ratably to each day in such period). Accordingly, a holder may be required to recognize income prior to the receipt of cash payments attributable to such income.

(c) Application of AHYDO Provisions of the Tax Code

Any OID on the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note generally would be amortizable by Postconfirmation HoldCo utilizing the constant interest method, and deductible as interest, unless the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note is treated as an applicable high yield discount obligation (“AHYDO”) within the meaning of Section 163(e)(5) of the Tax Code. Although Section 163(e)(5) of the Tax Code by its terms applies only to corporate issuers, the Treasury Regulations under the partnership provisions of the Tax Code state that the AHYDO rules also apply to debt instruments issued by partnerships to the extent that the partnership has corporate partners. The determination of whether the AHYDO rules will apply is complex, and since the terms of the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note have not been finalized, it is not yet possible to determine whether the AHYDO rules will apply to the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note. If the AHYDO rules were to apply to the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note, the interest deduction otherwise allowable to a direct or indirect corporate member of Postconfirmation HoldCo with respect to amortizing OID would, at a minimum, be deferred until such OID is actually paid in cash, and may be disallowed in part. The portion of any interest deduction that will be disallowed is that portion that is equal to the fraction, the numerator of which is equal to the “disqualified yield” (*i.e.*, the excess of the yield to maturity of the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note over the sum of the applicable federal rate for the calendar month in which the Effective Date occurs plus six percentage points) and the denominator of which is equal to the total yield to maturity of the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note. The income of a corporate holder of the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note with respect to the disqualified yield, if any, should be treated as a dividend for purposes of the dividends-received-deduction to the extent the corporate member has sufficient earnings and profits such that a similar distribution in respect of stock would have been treated as a dividend for federal income tax purposes. Presumably, a corporate holder’s entitlement to a dividends-received-deduction is subject to the normal holding period and taxable income requirements and other limitations applicable to dividends-received-deductions. The Reorganized Debtors will endeavor to make available to a holder of the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note the necessary information regarding the portion of the OID, if any, that should be treated as a dividend.

(d) Sale, Exchange or Redemption of Postconfirmation Second Lien Facility and Postconfirmation Unsecured Note

Unless a non-recognition provision applies, a holder generally will recognize gain or loss upon the sale, exchange or redemption of the Postconfirmation Second Lien Facility or Postconfirmation Unsecured Note equal to the difference, if any, between the holder’s adjusted tax basis and the amount realized on the sale, exchange or redemption. For this purpose, a holder’s adjusted tax basis generally will equal the holder’s initial tax basis, increased by the amount of any OID accrued (determined without adjustments) up through the date of the sale,

exchange, or redemption, and decreased by the amount of any cash payments (other than qualified stated interest). Any gain or loss generally will be capital gain or loss.

5. Ownership and Disposition of Postconfirmation HoldCo Membership Interests

Under current Treasury Regulations, a domestic entity that has two or more members and that is not organized as a corporation under U.S. federal or state law will generally be classified as a partnership for federal income tax purposes, unless it elects to be treated as a corporation. Pursuant to the Plan and the Postconfirmation Organizational Documents, no election may be made for Postconfirmation HoldCo to be classified as a corporation for federal income tax purposes that is effective on or prior to the Effective Date. Thus, subject to the discussion of “publicly traded partnerships” below, and subject to the discussion regarding a possible election to be treated as a corporation after the Effective Date, Postconfirmation HoldCo will be treated as a partnership for U.S. federal income tax purposes.

Under the “publicly traded partnership” provisions of the Tax Code, an entity that would otherwise be treated as a partnership whose interests are considered to be publicly traded and does not meet a qualifying income test will be taxable as a corporation. The Postconfirmation Organizational Documents will prohibit the transfer of membership interests in Postconfirmation HoldCo if such transfer would jeopardize the status of Postconfirmation HoldCo as a partnership for federal income tax purposes (prior to an actual conversion for federal income tax purposes to corporate status). Any purported transfer in violation of such provisions will be null and void and would not be recognized by Postconfirmation HoldCo.

The Postconfirmation Organizational Documents will provide that, upon the decision of the board of Postconfirmation HoldCo, Postconfirmation HoldCo will (i) make an election to be treated as a corporation for United States federal and applicable state and local income tax purposes or (ii) convert into a corporation by filing a certificate of conversion with the requisite Secretary of State, in each case to be effective after the Effective Date. After the Effective Date, each owner would be required to cooperate fully with any such election or conversion, including through the execution of any necessary or appropriate forms. Furthermore, Postconfirmation Organizational Documents will provide that at any time after any such election or conversion, each owner that holds equity interests in Postconfirmation HoldCo through a corporation will have the right to merge such corporation with and into Postconfirmation HoldCo (or its successor), provided in each case that at the time of such merger such corporation has no material asset other than equity interests in Postconfirmation HoldCo and has no liabilities. This discussion does not address any tax consequences resulting from any such an election, conversion or merger, and each holder of a Prepetition First Lien Claim and Prepetition Second Lien Claim is urged to consult its own tax advisor regarding such tax consequences.

This discussion of the federal income tax consequences of the Plan assumes that Postconfirmation HoldCo will be treated as a partnership for federal income tax purposes.

As a partnership, Postconfirmation HoldCo itself will not be subject to federal income tax. Instead, Postconfirmation HoldCo will file an annual partnership information return with the IRS which will report the results of Postconfirmation HoldCo’s operations. Each Postconfirmation HoldCo member will be required to report on its federal income tax return, and will be subject to tax in respect of, its distributive share of each item of Postconfirmation HoldCo’s income, gain, loss, deduction and credit for each taxable year of Postconfirmation HoldCo ending with or within the member’s taxable year. Each item generally will have the

same character as if the member had realized the item directly. Members will be required to report these items regardless of the extent to which, or whether, they receive cash distributions from Postconfirmation HoldCo for such taxable year, and thus may incur income tax liabilities in excess of any distributions from Postconfirmation HoldCo. For purposes of calculating Postconfirmation HoldCo's items of income, gain, loss and deduction, upon the implementation of the Plan, Postconfirmation HoldCo should have a new cost tax basis and holding period in the underlying assets of PRC and its subsidiaries (other than the assets of ADT).

A member is allowed to deduct its allocable share of Postconfirmation HoldCo losses (if any) only to the extent of such member's adjusted tax basis (discussed below) in its membership interest at the end of the taxable year in which the losses occur. In addition, various other limitations in the Tax Code may significantly limit a member's ability to deduct its allocable share of deductions and losses of Postconfirmation HoldCo against other income.

Postconfirmation HoldCo will provide each member with the necessary information to report its allocable share of Postconfirmation HoldCo's tax items for federal income tax purposes. However, no assurance can be given that Postconfirmation HoldCo will be able to provide such information prior to the initial due date of the members' federal income tax return and the members may therefore be required to apply to the IRS for an extension of time to file their tax returns.

Under the Postconfirmation Organizational Documents, the Postconfirmation Board will decide how items will be reported on Postconfirmation HoldCo's federal income tax returns, and all members will be required under the Tax Code to treat the items consistently on their own returns, unless they file a statement with the IRS disclosing the inconsistency. In the event that the income tax returns of Postconfirmation HoldCo are audited by the IRS, the tax treatment of Postconfirmation HoldCo income and deductions generally will be determined at the Postconfirmation HoldCo level in a single proceeding, rather than in individual audits of the members. The Postconfirmation Organizational Documents will generally provide that the members will elect one member to be the "Tax Matters Partner" for Postconfirmation HoldCo, as such term is defined in Section 6231(a)(7) of the Tax Code. The Tax Matters Partner will have considerable authority under the Tax Code and the Postconfirmation Organizational Documents to make decisions affecting the tax treatment and procedural rights of all members.

A member generally will not recognize gain or loss on the receipt of a distribution of cash or property from Postconfirmation HoldCo (provided that the member is not treated as exchanging such member's share of Postconfirmation HoldCo's "unrealized receivables" and/or certain "inventory items" (as those terms are defined in the Tax Code, and together "ordinary income items") for other partnership property). A member, however, will recognize gain on the receipt of a distribution of money and, in some cases, marketable securities, from Postconfirmation HoldCo (including any constructive distribution of money resulting from a reduction of the member's share of the indebtedness of Postconfirmation HoldCo) to the extent such cash distribution or the fair market value of such marketable securities distributed exceeds such member's adjusted tax basis in its membership interest. Such distribution would be treated as gain from the sale or exchange of a membership interest.

A member will recognize gain on the complete liquidation of its membership interest only to the extent the amount of money received exceeds its adjusted tax basis in its interest. Distributions of certain marketable securities are treated as distributions of money for purposes of determining gain. Any gain recognized by a member on the receipt of a distribution

from the Partnership generally will be capital gain, but may be taxable as ordinary income, either in whole or in part, under certain circumstances. No loss can be recognized on a distribution in liquidation of a membership interest, unless the member receives no property other than money and ordinary income items.

A member's adjusted tax basis in its membership interest generally will be equal to such member's initial tax basis (see Section IX.B.1, above), increased by the sum of (i) any additional capital contribution such member makes to Postconfirmation HoldCo, (ii) the member's allocable share of the income of Postconfirmation HoldCo, and (iii) increases in the member's allocable share of the indebtedness of Postconfirmation HoldCo, and reduced, but not below zero, by the sum of (iv) the member's allocable share of the losses of Postconfirmation HoldCo, and (v) the amount of money or the adjusted tax basis of property distributed to such member, including constructive distributions of money resulting from reductions in such member's allocable share of indebtedness of Postconfirmation HoldCo.

A sale of all or part of a member's interest will result in the recognition of gain or loss in an amount equal to the difference between the amount of the sales proceeds or distribution (including any constructive distribution) and such member's adjusted tax basis for the portion of the interest disposed of. Any gain or loss recognized with respect to such a sale generally will be treated as capital gain or loss, and will be long-term capital gain or loss if the interest has been held for more than one year, except to the extent that the proceeds of the sale are attributable to a member's allocable share of certain ordinary income items of Postconfirmation HoldCo and such proceeds exceed the member's adjusted tax basis attributable to such ordinary income items. A member's ability to deduct any loss recognized on the sale of its membership interest will depend on the member's own circumstances and may be restricted under the Tax Code.

Each holder of a Preconfirmation First Lien Claim or Preconfirmation Second Lien Claim is urged to consult its tax advisor regarding the tax consequences of owning and disposing of membership interests in Postconfirmation HoldCo.

6. Ownership and Disposition of Warrants

The tax consequences relating to the ownership and disposition (including exercise) of the warrants to purchase fully diluted interests of Postconfirmation HoldCo are not clear. The Treasury has promulgated proposed regulations dealing with the receipt, ownership and exercise of noncompensatory warrants issued by an entity that is treated as a partnership for federal income tax purposes. However, such regulations have not yet been finalized and, when finalized, such regulations are to be effective on a prospective basis. The description below is based on the proposed regulations. Accordingly, no assurance can be given that the IRS would not challenge the treatment described below and holders of Preconfirmation Second Lien Claims are urged to consult their tax advisors as to tax consequences of the ownership and disposition of warrants.

The proposed regulations contain rules that would treat a holder of an option to acquire a partnership interest as being a partner in the partnership if the option provides the holder with rights that are substantially similar to the rights afforded to a partner and as of the date that the option is issued, transferred or modified, there is a strong likelihood that the failure to treat the holder as a partner would result in a substantial reduction in the present value of the partners' and the holder's aggregate tax liabilities. Postconfirmation HoldCo does not currently intend to treat holders of warrants as owning partnership interests by reason of their ownership of the warrants,

all holders of membership interests and warrants shall report consistently therewith (unless the Postconfirmation Board determines otherwise), and the remainder of this discussion assumes that the holders of warrants would not be so treated. If the IRS were to successfully challenge this position, the consequences described below would not be applicable.

A holder of a warrant should not recognize gain or loss upon the exercise of the warrant. Upon exercise, the holder should be treated as having contributed to Postconfirmation HoldCo an amount equal to (i) the tax basis of the warrant (see Section XI.B.1, above), plus (ii) the exercise price paid by the holder of the warrant. In addition, in connection with the exercise of the warrant, Postconfirmation HoldCo will revalue its property immediately following the exercise of the warrant. After Postconfirmation HoldCo revalues its property, the warrant holder's capital account should reflect the entire amount that the holder would be entitled to if Postconfirmation HoldCo were to sell all of its assets for their fair market value in a taxable transaction and then liquidate. To the extent it would be necessary to transfer capital from or to other Postconfirmation HoldCo members' capital accounts in order for the warrant holder's initial capital account to reflect the amount described in the prior sentence, Postconfirmation HoldCo would be required to make special allocations of gross income (or gross loss), solely for tax purposes, to the holder of the warrant or to the other members to whom capital was transferred (or, in the case of gross loss, from whom capital was transferred) in an aggregate amount equal to the amount of capital that was transferred.

Upon the lapse or disposition of a warrant, the holder generally would recognize gain or loss equal to the difference between the amount received (zero in the case of a lapse) and its tax basis in the warrant. In general, such gain or loss would be a capital gain or loss, long term or short term, depending whether the requisite holding period was satisfied.

C. INFORMATION REPORTING AND WITHHOLDING

All distributions to holders of Claims under the Plan are subject to any applicable tax withholding, including employment tax withholding. Under federal income tax law, interest, dividends, and other reportable payments may, under certain circumstances, be subject to "backup withholding" at the then applicable withholding rate (currently 28%). Backup withholding generally applies if the holder (a) fails to furnish its social security number or other taxpayer identification number ("TIN"), (b) furnishes an incorrect TIN, (c) fails properly to report interest or dividends, or (d) under certain circumstances, fails to provide a certified statement, signed under penalty of perjury, that the TIN provided is its correct number and that it is a United States person that is not subject to backup withholding. Backup withholding is not an additional tax but merely an advance payment, which may be refunded to the extent it results in an overpayment of tax and the appropriate information is supplied to the IRS. Certain persons are exempt from backup withholding, including, in certain circumstances, corporations and financial institutions.

In addition, from an information reporting perspective, Treasury Regulations generally require disclosure by a taxpayer on its federal income tax return of certain types of transactions in which the taxpayer participated, including, among other types of transactions, certain transactions that result in the taxpayer's claiming a loss in excess of specified thresholds. Holders are urged to consult their tax advisors regarding these regulations and whether the transactions contemplated by the Plan would be subject to these regulations and require disclosure on the holders' tax returns.

The foregoing summary has been provided for informational purposes only. All holders of Claims receiving a distribution under the Plan are urged to consult their tax advisors concerning the federal, state, local and foreign tax consequences applicable under the Plan.

XII.

CONCLUSION

The Debtors believe that confirmation and implementation of the Plan is in the best interests of all creditors, and urge holders of impaired Claims in Class 4, Class 5, and Class 6 to vote to accept the Plan and to evidence such acceptance by returning their ballots so that they will be received no later than 4:00 p.m. (prevailing Eastern Time) on June 9, 2008.

**ARTICLE V
MEANS OF IMPLEMENTATION**

5.1 *Intercompany Claims.*

Notwithstanding anything to the contrary herein, Intercompany Claims will be adjusted, continued or discharged to the extent determined appropriate by the Debtors or the Reorganized Debtors, in their sole discretion. Any such transaction may be effected on or subsequent to the Effective Date without any further action by the Debtors, the Debtors in Possession, or the Reorganized Debtors.

5.2 *Restructuring and Other Transactions.*

(a) **Restructuring Transactions.**

On the Effective Date, the following transactions (the “Restructuring Transactions”) shall be effectuated in the order set forth:

(i) Simultaneously, (A) in accordance with section 4.7 of the Plan, all of the Preconfirmation Equity Interests shall be cancelled, and (B) all of the new membership interests in Postconfirmation Intermediate HoldCo shall be issued to the Prepetition First Lien Agent and the Prepetition Second Lien Agent on behalf of the holders of Allowed Prepetition First Lien Claims and the Allowed Prepetition Second Lien Claims, respectively, in full satisfaction of their Claims (and in proportion to the relative values of their Claims); and

(ii) Immediately thereafter, the Prepetition First Lien Agent and the Prepetition Second Lien Agent shall, on behalf of the holders of Allowed Prepetition First Lien Claims and the Allowed Prepetition Second Lien Claims,

respectively, contribute all of the membership interests in Postconfirmation Intermediate HoldCo to Postconfirmation HoldCo in exchange for the consideration described in sections 4.4 and 4.5 of the Plan.

(b) Consistent Tax Reporting.

(i) All parties (including the Reorganized Debtors, the holders of Preconfirmation Equity Interests and the holders of Postconfirmation HoldCo membership interests and warrants) shall report for all federal income tax purposes consistent with the form of the Restructuring Transactions.

(ii) As soon as possible after the Effective Date, but in no event later than thirty (30) days thereafter, the Postconfirmation Board shall determine the value of the membership interests of Postconfirmation Intermediate HoldCo as of the Effective Date (as appropriate for federal income tax purposes) and the portions of such value which are allocable, respectively, to the Postconfirmation Second Lien Facility, the Postconfirmation Unsecured Note, the membership interests in Postconfirmation HoldCo and the warrants to purchase fully diluted interests of Postconfirmation HoldCo. Such allocation shall take into account the relative fair market values of the Postconfirmation Second Lien Facility, the Postconfirmation Unsecured Note, the membership interests in Postconfirmation HoldCo and the warrants. The Postconfirmation Board shall apprise, in writing, all parties of such valuation and allocation. The valuation and allocation shall be used consistently by all parties (including the Reorganized Debtors, the holders of Preconfirmation Equity Interests and the holders of membership interests and warrants) for all federal income tax purposes.

(iii) Consistent with the intent that Postconfirmation HoldCo shall initially be treated as a partnership for federal income tax purposes, no election shall be made by Postconfirmation HoldCo or by Intermediate HoldCo (or any of their direct or indirect subsidiaries) to be taxed as a corporation for federal income tax purposes that is effective on or prior to the Effective Date. All parties (including the Reorganized Debtors and the holders of Postconfirmation HoldCo membership interests and warrants) shall not treat the holders of warrants as owning partnership interests in Postconfirmation HoldCo for federal income tax purposes by reason of their ownership of warrants, unless the Postconfirmation Board determines otherwise.

(c) Other Transactions.

On or as of the Effective Date or as soon as practicable thereafter and without the need for any further action, the Reorganized Debtors may: (i) cause any or all of the Reorganized Debtors or to be merged into one or more of the Reorganized Debtors, dissolved or otherwise consolidated, (ii) cause the transfer of assets between or among the Reorganized Debtors, or (iii) engage in any other transaction in furtherance of the Plan.
